## The Rise of

# Low & Non-Alcoholic Beverage Trends

## The low & non-alcoholic category is no longer niche – it's a movement.

Fueled by wellness, moderation, and elevated flavor expectations:

- \$1.3+ trillion current global value → \$2 trillion by 2030
- \$5 billion estimated U.S. market size by 2028
- 93% of non-alc buyers also drink alcohol — blending low, no, and full-proof by mood and moment
- Millennials & Gen Z are driving demand for premium, full-flavor, lower-ABV options

Category innovation spans zero-proof cocktails, premium non-alcoholic wines, and functional wellness beverages.

Our curated portfolio delivers full flavor, flexibility, and zero compromise — supporting mindful sipping, inclusive menus, and trend-forward hospitality.

## Beverage type definitions

**Non-Alcoholic** - Never fermented and contain no alcohol. Non-drinkers ie; under 21, individuals who do not drink due to health or religious reasons.

**Dealcoholized** - Trace alcohol only - under 0.5 %. The amounts are similar to the traces of alcohol you can find in everyday household items like bananas, soy sauce, orange juice and even bread.

**Pro Tip** - Dealcoholized products should be sold similarly to NA Beer. If a restaurant or retail store checks ID before selling someone an NA beer, they should do the same for any dealcoholized beverage.

**Low-Alcohol** - Contain 5% alcohol by volume or less. Reflects evolving consumer preferences towards healthier, more balanced lifestyles.

# DIGITAL ENGAGEMENT STRATEGY

## Our Collaboration Philosophy

We are committed to amplifying your brand through strategic social media storytelling. Whether you are launching a seasonal menu, introducing new products to your beverage program, or hosting a signature event, we want to collaborate.

Our data shows that engagement is highest when we align our promotional materials and work together as digital partners to ensure your updates gain the visibility they deserve.

## Best Practices:

- **Strategic Lead Times:** For major signature events, please contact our team 1–2 months in advance to ensure a synchronized social media strategy.
- **Menu & Product Updates:** For seasonal rollouts or new beverage additions, notify us as soon as your assets are ready—ideally two weeks before the month begins—to be featured in our "Monthly Event Preview"
- **Asset Quality:** Provide high-resolution graphics, updated menus, or professional photography to ensure your brand is represented with the highest quality.
- **Digital Integration:** Supply the specific account handles you would like us to tag or invite as official collaborators on your posts.
- **Call to Action:** For ticketed events or exclusive tastings, include all relevant booking links and pricing to streamline the guest experience.

# OBSIDIAN

— WINE CO. —

The Molnar family's roots in California viticulture date to 1973 with the planting of Poseidon Vineyard at the confluence of Carneros Creek and the Napa River. Farming in this wind-cooled, maritime-influenced site shaped their long-term focus on site expression, precision farming, and sustainable vineyard practices.

## Obsidian Estate Chardonnay, Poseidon Vineyard Carneros, Napa Valley, 2023

DABS#908584 | Price: \$32.99 | June Sale Price: \$30.00  
92 pts Wine Enthusiast

Crafted from the historic, maritime-cooled Poseidon Vineyard, this wine stands out for its slow-ripened balance and purity shaped by Carneros' foggy mornings and warm, breezy days.

Obsidian's ownership of Kádár Hungary, a historic cooperage in the Tokaj region, gives them direct control over barrel production using slow-grown, tight-grain Hungarian oak. These barrels impart more restrained aromatics and refined structure, allowing the wines to maintain purity of fruit while adding subtle spice and texture.

### TASTING NOTES

The vibrant acidity and intense fruit that this site is known for are on full display—particularly bright and citrusy in this vintage—yet mellowed somewhat by the roundness of texture that comes from aging in Hungarian oak. For as crisp as this wine is, the mouthfeel is lush and full, and the flavors and finish are fruitful and complex.

# Evolution

By Sokol Blosser

The wine was cold fermented slowly in stainless steel tanks to further its wonderfully aromatic bouquet and delicate flavor profile. This light-to-medium bodied wine displays vibrant aromas of white floral/lemon blossom, lemon verbena, honeydew melon, pomelo, passionfruit, guava, lime skin and lemongrass. ## 2024 LORENZA ROSÉ LODI, California

General Listing | DABS #919829 | Price: \$22.99 | June Sale Price: \$18.99

The 2024 Rosé harvest began on August 20 with the Bechthold Cinsault. Earlier picking than usual for this vineyard by 10-14 days, a result of a warm growing season with lower yields. Our cornerstone Carignan vines were picked on the 27th. We were delighted with the fruit from 2024, generous, textured and vibrant.

We finished the Rosé harvest in 19 days. In all cases, the night cooled clusters went direct to press and each variety was fermented separately in stainless steel.

The 2024 is a pale salmon hue. Aromas of melon, white peach and wet stone are followed by a vibrant, juicy and textured mouthfeel. Flavors are a cool combination of ripe melon, lemon-lime and salinity. Finish is pretty, juicy and crisp. Dry as a bone, the overall abv. is up about a percentage this year at 12.5%.
